VIRTUAL DNACON 2021

**23rd ANNUAL CONFERENCE OF
DELHI NEUROLOGICAL ASSOCIATION
AND
19th NEURO NURSES FORUM**

5th - 7th FEBRUARY 2021

www.dnadelhi.in

Dear Colleagues and friends,

DELHI NEUROLOGICAL ASSOCIATION had been organizing **DNACON** as an 'academic meet of excellence' for the last more than 20 years. The Department of Neurology and the whole neurosciences center at All India Institute of Medical Sciences, New Delhi has been given the responsibility to organize **23rd Annual Conference and 19th Neuro-Nurses Update**. It was decided to hold the conference virtually due to ongoing COVID-19 pandemic. This would be for the first time in the history of DNA that a DNACON would be organized virtually. Organizing a virtual conference has its own pros and cons at the same time it does create an interesting and unique scenario for the organizing team as well as for the attendees. We present here the first announcement of the upcoming **Virtual DNACON 2021** to be organized on **5th - 7th Feb 2021**.

We sincerely feel that your participation in the conference will enrich the scientific deliberations. We request you to encourage your colleagues/residents to register and participate in large number in this first ever Virtual DNACON. Invited guest lectures by eminent and distinguished faculty, orations, awards and free paper sessions and scientific quiz will be a part of the scientific programme.

An update course for Neuro-Nurses shall also be a part of this virtual conference, highlighting role played by them in the day to day management of various neurological disorders.

We look forward to welcome you at the "**Virtual DNACON 2021**".

With warm regards,

Prof MV Padma Srivastava
Organizing Chairperson

Prof Achal Kumar Srivastava
Organizing Secretary
